

Historic Chicago Bungalow Association

energy\$avers Grant Worksheet

Funding Distribution Example:

<u>Project/Work Performed</u>	<u>Project Cost</u>	<u>Reimbursement %</u> <small>(determined by income level)</small>	<u>Calculation</u>	<u>Grant Total</u> <small>(reimbursement)</small>	<u>Balance</u> <small>(to be paid by owner)</small>
Weatherization:					
<input checked="" type="checkbox"/> Insulation	\$2,800	75%	$\$2,800 \times .75 =$	\$2,100	\$700
<input checked="" type="checkbox"/> Air-sealing				(\$6,000 maximum)	
Heating/Cooling/Mechanical:					
<input checked="" type="checkbox"/> Furnace/Boiler					
<input type="checkbox"/> Water heater					
<input type="checkbox"/> AC/HVAC					
<input type="checkbox"/> Solar or Geothermal	\$2,650	75%	$\$2,650 \times .75 =$	\$1,987.50	\$662.50
<input type="checkbox"/> EE light fixtures				(\$2,000 maximum)	
<input type="checkbox"/> Low-flow fixtures					
<input type="checkbox"/> _____					
Windows/Doors:					
<input type="checkbox"/> Restored windows/doors					
<input type="checkbox"/> Wood storms installed					
<input checked="" type="checkbox"/> Wood replacements	\$2,500	75%	$\$2,500 \times .75 =$	\$1,875	\$625
<input type="checkbox"/> Vinyl replacements				(\$2,000 maximum--	
<input type="checkbox"/> Security doors				\$1,000 max for vinyl)	
Totals:	\$7,950			\$5,962.50	\$1,987.50
				(Cannot exceed \$6,000)	

Important Notes:

- ◇ ***In order to access energy\$avers funding each homeowner's application must include one of the following:***
 - A. A contractor's proposal for installing insulation and/or air-sealing in the bungalow; or
 - B. A written statement from a qualified weatherization contractor verifying that the home is already properly insulated and air-sealed.

- ◇ ***The maximum payout for any energy\$avers grant is \$6,000***
 - A homeowner *can* use the full \$6,000 grant amount for an insulation/air-sealing project alone
 - Eligible projects falling under the heating/cooling/mechanical category have a maximum grant payout of \$2,000, regardless of project cost.
 - Eligible projects falling under the windows/doors category have a maximum grant payout of \$2,000, regardless of project cost—this maximum is reduced to \$1,000 when vinyl replacements are installed instead of wood.
