“Tales From the Bungalow Belt” is a compilation of stories detailing what sets Chicago Bungalows apart from other classic, new or old, housing styles in the City. More than detailed brickwork, stunning stained glass or unique woodwork, nearly a century of families, friends, neighbors and stories from Chicago Bungalows are what make these homes the Chicago institution they are today.

“The Historic Chicago Bungalow Association is honored to present these awards to people dedicated to the core principles: home rehabilitation, housing preservation and energy-efficiency,” said Annette Conti, Executive Director of the Historic Chicago Bungalow Association. “With your enthusiasm driving our efforts, we continue to be dedicated to assisting rehab and restoration projects with grants and loans, technical resources, expertise and informative seminars.”
